

Vaccine Information Night

Tara Levy, ND

March 14th, 7-9 pm

Geared to expectant and new parents, this information night will cover all the vaccines recommended for infants up to 12 months of age as well as understanding the options available.

How to limit the side effects of vaccinations?
How do I enhance my child's immunity naturally?
What is the best time to vaccinate?
What if I choose not to vaccinate?
How do I protect my child?

\$25/person or \$40/couple
